INTRODUCTION TO DECENTRALIZED CLINICAL TRIALS (DCTS)

Gain the foundational knowledge clinical research professionals need to implement digital health components in clinical trials.

An online course by the Association of
Clinical Research Professionals (ACRP)

Upon completion of this training program, participants should be able to:

- Explain DCT and how it applies to the future of clinical research.
- Demonstrate the most-common types of DCT approaches.
- Examine the advantages and challenges of DCT implementation.
- Analyze factors of consideration for incorporating DCT in clinical trials.
- Understand DCT tools and their possible implementation.
